

them to this handout.)

asking questions, keeping the show live, making sure all the gear works,
Scheduling/time management, camera angles and sound

What will be easy about this project?

Filming/editing

What will be difficult about this project?

Organizing everything, having enough material

Will most of this project be in class or outside of class?

Majority can be done inside class but the organization and perhaps some of the filming will have to be done outside class

If outside, what will I do during the class 20 Time?
